

SKIN CANCER:

*It's not a day
at the beach.*

SKIN CANCER

Prevention & Early Detection

Participants will learn the facts about skin cancer and how to perform a skin self-exam.

June 26, 2007

7:00 PM

Tunkhannock Library

Sponsored by:

**Tyler Memorial Hospital &
Northeast Regional
Cancer Institute**

- ✓ Skin Cancer is the most common of all cancers
- ✓ More than one million new cases are diagnosed each year in the United States.
- ✓ Melanoma is the most serious form of skin cancer, and can be life threatening.
- ✓ Skin cancer is preventable and is almost always curable when detected and treated early.
